

63rd Indian Pharmaceutical Congress, Bengaluru

SCIENTIFIC PROGRAM

The scientific sessions, covering the most current and advanced topics, will be offered as an important part of 63rd Indian Pharmaceutical Congress scheduled to be held at Bengaluru from 16th to 18th December 2011. The scientific sessions are organized in various forms such as Plenary Lectures, Symposia, Panel Discussion and Poster Presentations. The subjects of plenary lectures and symposia are current and contemporary in nature and have been carefully selected to cater to the needs of all participating stakeholders – the Industrial Pharmacists, Academicians, Community Pharmacists, Hospital Pharmacists, Scientists, clinicians and students. The topics are in sync with the conference theme “Vision 2020 – India the Pharma Powerhouse and will provide valuable and practical learning opportunities for all the participants to face the current global challenges successfully. The speakers of national and international repute, who are experts in their respective fields, have consented to speak in this conference. The conference will help in disseminating scientific knowledge and facilitate exchange of new ideas among the members of pharmacy profession.

The range of topics to be discussed and debated upon include –

- Pharmaceutical Technology
- Medicinal Chemistry
- Pharmacognosy, Indigenous Drugs, Herbal Formulations and Phytochemistry
- Pharmacology, Toxicology, Clinical Research and Pharmacovigilance
- Biopharmaceutics, Pharmacokinetics and Drug Metabolism
- Pharmaceutical Analysis and Quality Assurance
- Biotechnology and Biotherapeutics
- Hospital, Community and Clinical Pharmacy
- Pharmaceutical Education and Professional Pharmacy
- Drug Regulatory Affairs
- Pharmaceutical Management
- Pharmacoeconomics and Pharmacoepidemiology

In brief, various scientific sessions spread throughout the conference is sure to attract and satiate the scientific hunger across various sections of delegates attending the conference.
